****BIKE STORE COMING JAN 2021****

We are pleased to announce that we are in the process of fitting out a secure bike store area located under the MSCP for all residents to use. Access to the bike store will be via a monitored key fob/code system which will only be provided to those residents with a bike. The room will be equipped with CCTV. We are also making an area for residents to use for bike repairs. The storeroom will not be visible to the outside world making it safe & secure for residents to use. We will be removing all other bike stores on the estate & prohibiting storage of bikes in communal areas / under stairs for fire reasons. More info to follow....
